Serv-U-Well KITCHEN CABINETS, BASES, UTILITIES AND TABLES

CATALOG No. 84-B

THE I-XL FURNITURE CO., INC.
GOSHEN, INDIANA

Well Made Cabinets . . .

CONSERVATIVELY STYLED, LOW IN PRICE

In a companion catalog, No. 84, issued concurrently with the catalog you are now reading, we show our new line of Serv-U-Well Cabinets and Utilities of built-to-the-floor construction and streamline design, produced to meet the requirements of consumers with whom style is a major consideration. If you did not receive a copy of this catalog, write us and we shall be glad to send you one.

Catalog No. 84-B supplements our Serv-U-Well Catalog No. 84. It embraces our cabinets and utilities of conservative design and popular price, as well as our complete line of kitchen tables and bases.

There is a good market for this popular priced equipment in both rural and urban districts. A recent survey made by our advertising agency shows that 57.78% of farm homes and 41.54% of city homes have portable cabinets — 79.76% of which are more than seven years old, 62.42% over twelve years old, and 33.51% over 22 years old. Think of this replacement business! Modern styling is not an important factor with ALL of these prospects. Many are prospects for the conservative designs shown herein.

Examine the catalog carefully. You can buy accurately and safely from the illustrations and descriptions, relying upon our 84-year-old guarantee of satisfaction and the Good Housekeeping Institute approval. Check your needs and send us a trial order. Kitchens are coming in for more attention than ever before. Get your full share of this profitable business. I-XL will help you.

In describing the various numbers we have endeavored to be accurate. We reserve the right, however, to make minor changes in construction and design which we feel will enhance the salability of the line.

THE I-XL FURNITURE CO. INC.
GOSHEN . . INDIANA

OUR CATALOG No. 84

SERV-U-WELL KITCHEN CABINETS SPECIFICATIONS and FINISHES:

CONSTRUCTION: The cabinets shown on the following pages are constructed of selected, seasoned hardwoods, with solid full length posts, dove-tailed drawers, solid shelves, and three-ply bottoms, backs, and ends. Drawer bottoms also are of three-ply construction. The weights given in descriptions are approximate shipping weights. Curtains are of dust-proof, easy rolling design.

HARDWARE AND EQUIPMENT: Nos. 1000 and 1071 have deep metal bread drawers without lids. All other numbers have deep metal bread drawers with sliding perforated metal lids. Sliding shelves are provided in the bases of all cabinets save No. 1088. The following have banded bread boards: Nos. 89E-13E, 88E-14E, 1513, 1514, and 1073.

All numbers have metal sifter flour bins of either the lowering, tilting, or removable type. Nos. 89E-13E and 88E-14E have chopper blocks and brackets. All hinges are semi-concealed. Hinges, catches and pulls on all numbers, excepting 1004, 1071 and 1073 are in an attractive and serviceable brushed cadmium plated finish. These three numbers have round, black bakelite knobs. Nos. 1513 and 1514 have modernistic pulls in an exclusive design.

Serviceable casters are supplied with all numbers save 1088, which is fitted with metal glides. Nos. 1513 and 1514 come with metal pastry coolers. Glassware is provided with many numbers and pan racks are regular equipment on Nos. 89E-13E, 88E-14E, 1004, 1072 and 1073.

PORCELAIN TOPS: We use only first quality stainless porcelain tops on Serv-U-Well Cabinets. Nos. 88E-14E, 89E-13E, 1000 and 1072 come with all White, Ivory or Green porcelain. Other numbers may be had with White, Ivory or Green tops with Black O. G. edge. Nos. 88E-14E, 89E-13E, 1513 and 1514 have full sliding tops operating on special tracks.

FINISHES: All numbers are available in "Satin" White, Ivory and Combination Ivory and Green Enamel Finishes. Usually, where a combination is specified, the second color is placed on the doors, drawer fronts, and curtain. The upper cupboards on all numbers are enameled inside. The recessed baseboard of No. 1088 is finished in black. Top and bottom rails on Nos. 1071 and 1073 are decorated in black. The edges of the doors and drawer fronts are finished in black on Nos. 1004, 1513 and 1514. Nos. 88E-14E and 89E-13E have stenciled designs in contrasting colors.

CABINET No. 1514

This is the largest kitchen cabinet made by I-XL — a 56½ inch model of semi-modern styling, with rounded corner posts, flush doors, smooth surfaces, and the latest in brushed cadmium plated hardware. Its equipment includes a lowering flour bin of 50 pound capacity; 6-piece Glassware Set; oven clock and menu cards; bill holders; deep metal bread drawer with sliding metal lid; sliding shelf in base with banded bread board in carrier underneath, and a stainless porcelain top operating on our special slides. The porcelain top is 56" x 27". It comes in White, Ivory or Green, with Black O. G. flange. Wood drawers are varnished; one is divided for cutlery. The weight is about 310 pounds. For interior view see No. 1513.

WIDTH: 56½"

HEIGHT: 71"

CABINET No. 1513

This semi-modern number is identical in exterior appearance, finish, equipment, porcelain, and interior arrangement to No. 1514, shown on the preceding page; it differs only in size, being but 48½" in width. The stainless porcelain top, measuring 48" x 25", may be fully extended on special operating slides. The weight is about 260 pounds. The cadmium plated hardware, specially designed for our use, is the same as that used on our more expensive Serv-U-Well pieces shown in Catalog No. 84. See page 3 for other details.

WIDTH: 48½"

HEIGHT: 71"

CABINET No. 1088

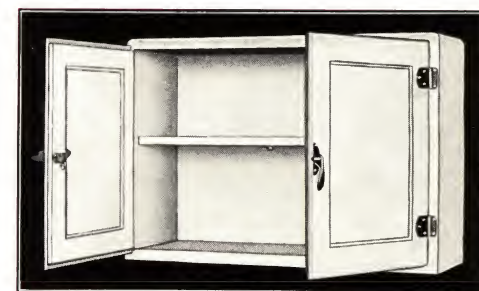

Flush refrigerator type doors, flush ends, and widely rounded corner posts make this cabinet one of the most distinctive in the popular price field. The top cupboard contains a metal flour bin of 10-pound capacity, and two full width shelves. The 34½" x 16" stainless porcelain top, in White, Ivory or Green, with Black O. G. edge, may be fully extended. The bottom cupboard has one full width shelf. One of the deep drawers is a metal bread drawer with sliding lid. Other drawers are varnished. Steel glides are used in place of casters. The hardware is cadmium plated. Crated shipping weight is about 165 pounds. Supplied in Ivory, White, or Combination Ivory and Green Enamel with recessed base board in Black.

WIDTH: 38½"

HEIGHT: 65"

DEPTH: 17"

Always refer to pages dealing with specifications and finishes before ordering.

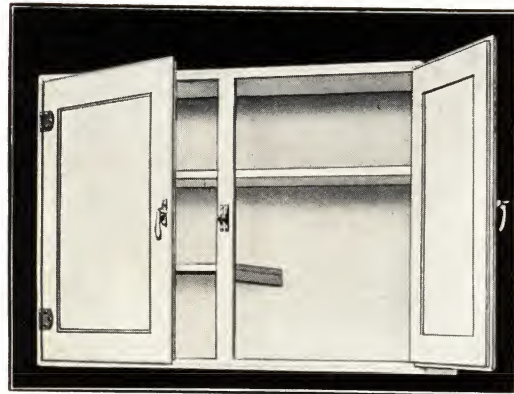

WALL CABINET No. 520

Cabinets of this type are frequently used above the kitchen sink or in the bathroom. No. 520 is supplied in White, Ivory or Combination Ivory and Green Enamel, with metal catches, semi-concealed hinges, and hangers for attaching to the wall. The interior is finished to match the exterior. The cartoned weight is about 20 pounds.

WIDTH: 24" HEIGHT: 16" DEPTH: 7"

CABINET No. 1071

We told our designer to produce a cabinet of sturdy construction and pleasing design that could be marketed at a very attractive figure. No. 1071 is the result. It is available in White, Ivory or Combination Ivory and Green Enamel. Supplied with removable sifter flour bin of 20-pound capacity; metal bread drawer without lid; sliding shelf in base, black bakelite knobs and semi-concealed hinges. The stainless porcelain top, 40" x 25", may be extended. It is supplied in White, Green or Ivory with Black O. G. edge. A glass sugar jar with lid is included. The weight is 150 pounds.

WIDTH: 40"

HEIGHT: 67"

CABINET No. 1073

No. 1073 is a moderately priced number with complete equipment including: 6-piece Glassware Set; metal sifter flour bin (50-pound capacity) of the lowering type; deep metal bread drawer with sliding metal lid; sliding wire shelf with banded bread board in carrier in the base cupboard, and a pan rack on the base cupboard door. The door knobs are of black bakelite and the metal hinges are semi-concealed. The stainless porcelain top is 40" x 25" and may be fully extended. It is available in White, Green or Ivory with Black O. G. edge. The weight is about 165 pounds.

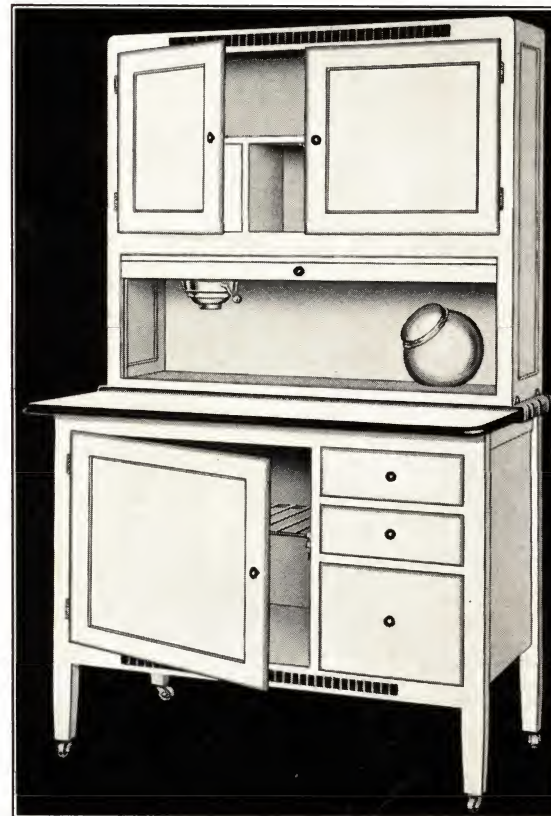

WIDTH: 40"

HEIGHT: 67"

WALL CABINET No. 522

This wall cabinet has one full shelf and one half shelf, both of which are of solid construction. It weighs about 40 pounds, cartoned, and comes with semi-concealed hinges, metal catches, and hangers for attaching to the wall. White, Ivory or Combination Ivory and Green Enamel Finish, with the interior matching the exterior.

WIDTH: 28" HEIGHT: 24" DEPTH: 9"

Always refer to pages dealing with specifications and finishes before ordering.

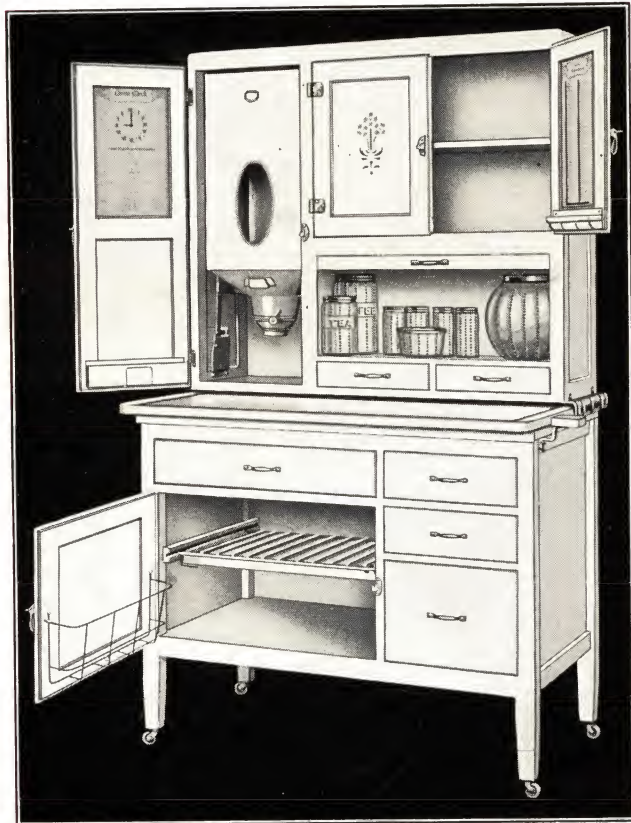

OUR NEW SECTIONAL KITCHEN UNITS ARE READY .5.

CABINET No. 88E-14E

This 40-inch cabinet is of the same design as No. 89E-13E, differing only as to width. It is supplied completely equipped, as illustrated, with an 8-piece Glassware Set; 50-pound capacity lowering metal flour bin with sifter; oven clock and menu cards; bill holders; deep metal bread drawer with sliding metal lid; sliding shelf in base cupboard, with banded bread board in carrier underneath; pan rack; meat chopper block and bracket; cadmium plated hinges, catches and pulls. The stainless porcelain top, in all White, Ivory, or Green, is full sliding. Weight, 180 pounds.

WIDTH: 40"

HEIGHT: 67½"

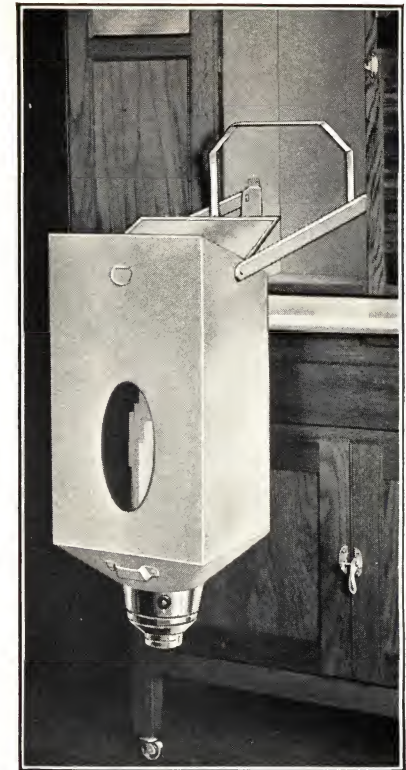

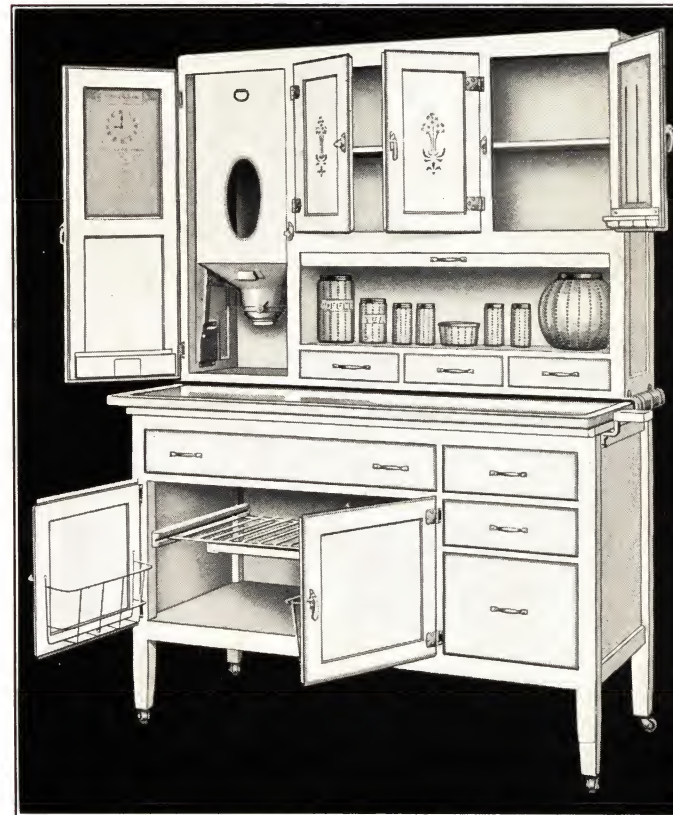

CABINET No. 89E-13E

This popular seller lacks nothing in the way of equipment that makes for kitchen convenience. The 8-piece Glassware Set; the lowering metal sifter-type flour bin of 50 pounds capacity; the oven clock and menu cards; the bill holders; the deep metal bread drawer with sliding lid; the sliding shelf in the base, with a banded bread board in a carrier underneath; the pan racks; the chopper block and bracket — all bespeak a cabinet of much higher price. Metal catches and pulls are cadmium plated; hinges are semi-concealed. The all White, Green or Ivory porcelain top is full sliding. Weight, 200 pounds.

WIDTH: 48"

HEIGHT: 67½"

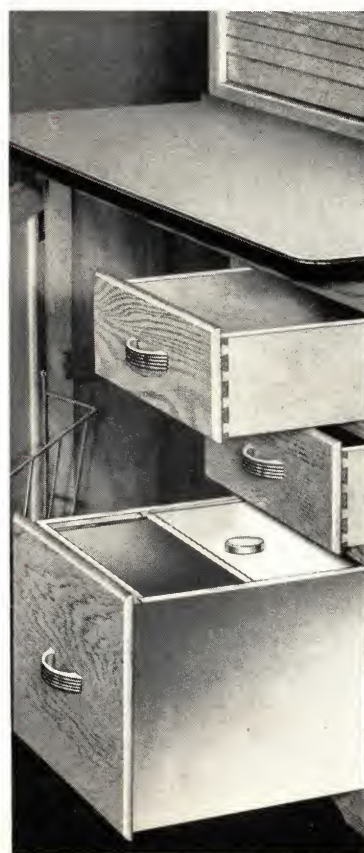

The lowering type of flour bin used on Nos. 89E-13E, 88E-14E, 1513, 1514, and 1073 is one of the most satisfactory ever conceived. It has no springs or other complicated mechanism to get out of order.

With the exception of Cabinet No. 1088 and Cabinet No. 1000, all numbers shown herein are equipped with roller-type curtains. These are dust-proof, disappearing, flexible, and easy-rolling. A touch of the finger does the trick.

I-XL CHESTS OF DRAWERS ARE GOOD SELLERS

Always refer to pages dealing with specifications and finishes before ordering.

Cabinets Nos. 89E-14E, 88E-13E, 1004, 1513, 1514, 1072, 1073, and 1088, and bases Nos. 13TE, 36TE, 46TE, 19B, and Nos. 1601 to 1611 inclusive, excepting No. 1605, are equipped with deep metal bread drawers, as pictured below. This drawer is fitted with a sliding metal lid which is perforated so as to preserve the freshness of the contents. The drawer is removable for cleaning. It is of the same design used on our higher priced numbers shown in Catalog No. 84.

CABINET No. 1000

This is our lowest priced kitchen cabinet of 40-inch width — an exceptional value in an attractive design, with striking stencil decorations. The upper section contains a metal sifter flour bin of 10-pound capacity and two full-width shelves. The base cupboard has a sliding wire shelf. The large drawer in the base is a metal bread drawer, without sliding lid. The metal catches and drawer pulls are cadmium plated. The hinges are semi-concealed. The stainless porcelain top is of the full sliding type and comes in White, Ivory or Green, to match the cabinet finish. See page 3 for other details. Weight, 140 pounds.

WIDTH: 40"

HEIGHT: 71"

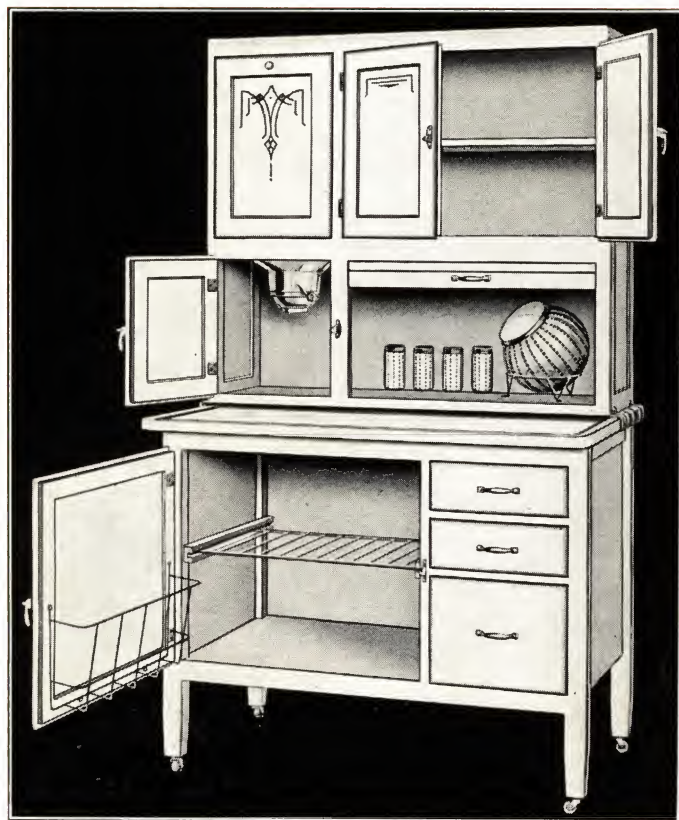

CABINET No. 1004

This full-curtained number comes in our regular enamel finishes with the following equipment: 5-piece Glassware Set; a tilting metal flour bin of 40-pound capacity, with sifter; deep metal bread drawer with sliding lid; and a sliding metal shelf and pan rack in base cupboard. The door and drawer knobs are of black bakelite and the hinges are of the semi-concealed type. The 40" x 25" stainless porcelain top is of full sliding type, and is to be had in Green, White or Ivory with Black O. G. edge. The weight of No. 1004 is approximately 150 pounds. For finishes of this and other numbers see page 3.

WIDTH: 40"

HEIGHT: 67"

CABINET No. 1072

This is one of the best selling cabinets of conservative styling in the Serv-U-Well line. Equipment includes a 40-pound metal sifter flour bin of the tilting type; 5-piece Glassware Set; deep metal bread drawer with sliding lid; sliding shelf in base; pan rack on base door; casters; pulls and catches. The 40" x 25" stainless porcelain top is full sliding. Colored stencil designs contrasting with the White, Green, or Ivory finish are supplied as indicated. All White, Ivory or Green porcelain. Weight, 150 pounds.

WIDTH: 40"

HEIGHT: 67"

SERV-U-WELL UTILITIES SPECIFICATIONS and FINISHES

CONSTRUCTION: Serv-U-Well Utilities are made with the same precision and care as Serv-U-Well Kitchen Cabinets. They are built of selected hardwood lumber and 3-ply hardwood panels. Nos. 625, 630 and 720 have solid full-length, "built-up" posts. Majority of other numbers have locked corners where the bottom and top cross rails set into grooves in the wide rail posts. This construction makes a very rigid and sturdy cabinet. Shelves are of solid hardwood. They are full depth and width and are NOT adjustable. Where drawers are provided, they are dove-tailed and glued and have lip fronts. All weights given are approximate shipping weights.

HARDWARE: Nos. 625, 630 and 720 are fitted with durable casters. All other numbers have metal glides in place of casters. Hinges on all numbers are semi-concealed. Hinges, catches and pulls are in brushed cadmium plated finish. No. 625 is equipped with a

door basket, and Nos. 625 and 526 are fitted with screw hooks.

FINISHES: Serv-U-Well Utilities may be had in our high-grade "Satin" Enamel Finishes—White, Ivory, or Combination Ivory and Green, which means Ivory Cabinet with Green Doors. We finish the interior of each number to match the exterior.

GENERAL NOTES: Doors are regularly hinged as shown in the illustrations, but will be supplied with hinges on the opposite side, on special order. The brooms, sweepers, and other pieces of equipment shown in the illustration of Utility No. 625 are not included.

While Serv-U-Well Utility Cabinets are designed primarily for use in the kitchen, many find them ideal for use in bathroom, office, laboratory, shop and school. Do not overlook these additional sales outlets. For built-to-the-floor utilities, see Catalog No. 84.

UTILITY No. 625

This spacious number will accommodate a large electric sweeper, brushes, brooms, mop, and many other household accessories. The four solid shelves are six inches deep and are NOT adjustable. The door basket is securely attached to the door. Other equipment consists of catch, semi-concealed hinges, and serviceable casters. This number has solid full-length posts. Its crated weight is about 75 pounds.

WIDTH: 22½" DEPTH: 16" HEIGHT: 71"

UTILITY No. 791

This two-door utility has five full-width shelves firmly fastened into grooves. Regular equipment consists of metal catches, semi-concealed hinges and steel glides. The shipping weight is 90 pounds. Posts of this number are heavy and full length. Note carefully the attractiveness of this number and its generous dimensions. Dealers find it a popular seller in the kitchenette field.

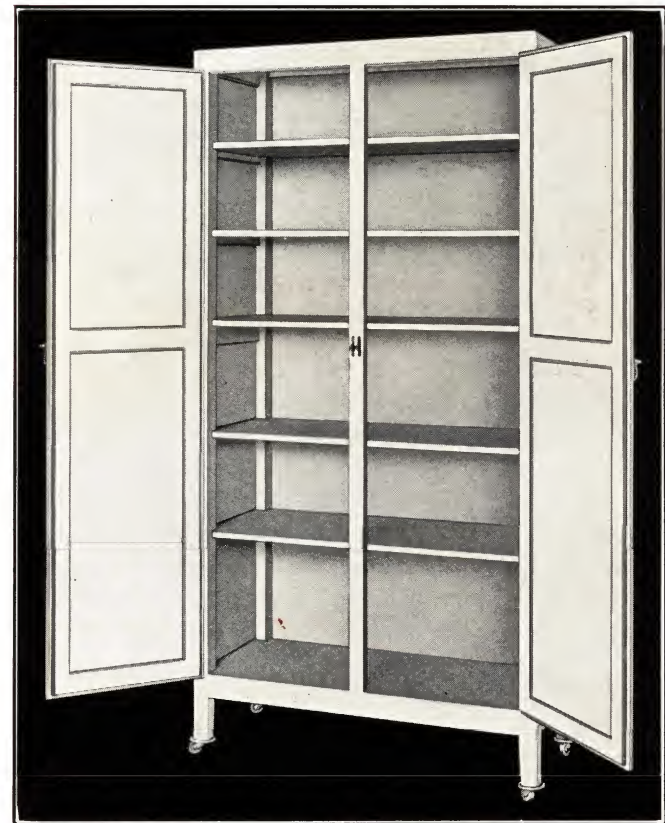

WIDTH: 30" DEPTH: 13" HEIGHT: 67½"

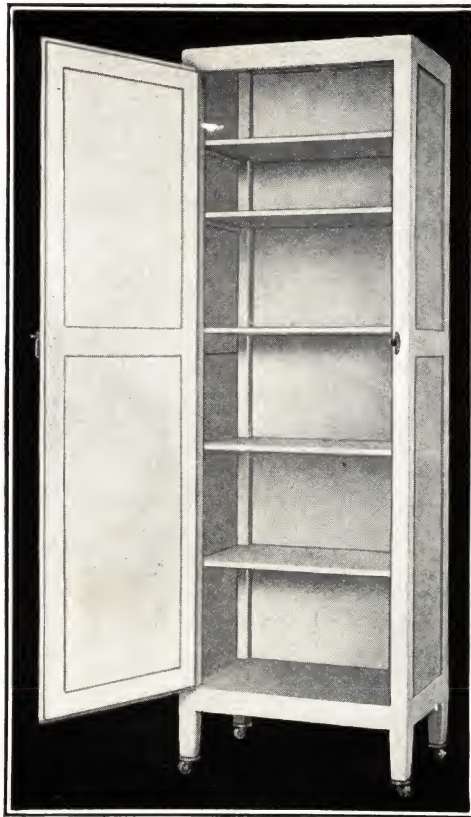

UTILITY CABINET No. 720

No. 720 is one of the widest utilities in the Serv-U-Well line — a big seller in homes, laboratories and offices where unusual storage capacity is needed. It will take care of all the pans and dishes found in the average home, as well as serve as an ideal linen cabinet. Note particularly the attractive price in effect on this number. The heavy posts are full length and the full-width shelves are solid hardwood. Refer to page 8 for full specifications and finishes of this and other utilities. Crated weight about 115 pounds.

WIDTH: 36" DEPTH: 16" HEIGHT: 71"

UTILITY No. 630

This is one of the best constructed utilities ever offered for the money. The heavy posts are full length, and the five full-depth shelves are of solid hardwood, firmly attached. Supplied with metal catch, durable casters and semi-concealed hinges. See page 8 for finishes. The crated shipping weight is approximately 85 pounds.

WIDTH: 22½" DEPTH: 16"
HEIGHT: 71"

UTILITY No. 526

This number has but one half-depth shelf, thus providing room for brooms, mops, etc. The equipment includes steel glides, metal catch and semi-concealed hinges. Screw hooks are provided for the shelf. Weight is about 35 pounds.

WIDTH: 18" DEPTH: 13"
HEIGHT: 67"

UTILITY No. 527

This low-priced number has four solid shelves of full width and depth, metal floor glides, catch and semi-concealed hinges. Shipping weight is approximately 40 pounds. No. 528 is the same utility with five shelves.

WIDTH: 18" DEPTH: 13"
HEIGHT: 67"

UTILITY No. 529 and No. 530

These cabinets have locked corners where the bottom and top cross rails set into the grooves of the wide rail posts. Both numbers are supplied with five shelves, cadmium plated catch, and semi-concealed hinges and steel glides. No. 529 is 20" wide, weighs 70 pounds. No. 530 is 18" wide and weighs 50 pounds.

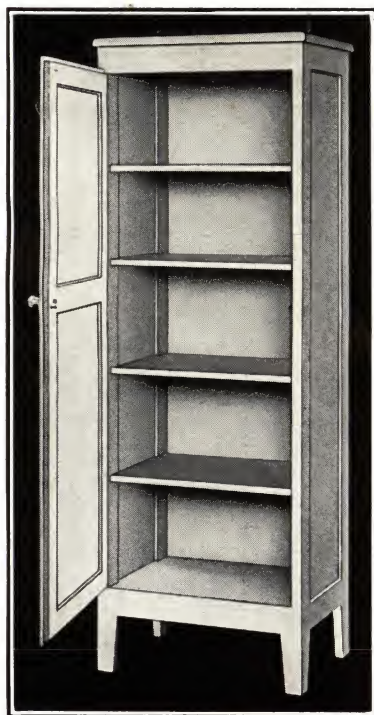

DEPTH: 13"
HEIGHTS: 67½"

UTILITY No. 770

This dish or linen closet is somewhat shorter than the other numbers shown on this page and for that reason meets many special needs. The non-adjustable shelves are solid and of full depth. The equipment includes cadmium plated catch, semi-concealed hinges, steel floor glides. The solid wood top is finished. Weight, about 55 pounds.

WIDTH: 18" DEPTH: 13"
HEIGHT: 54"

UTILITY No. 528

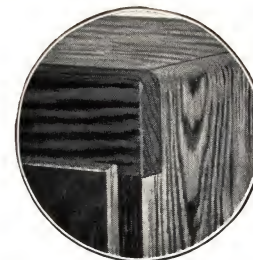

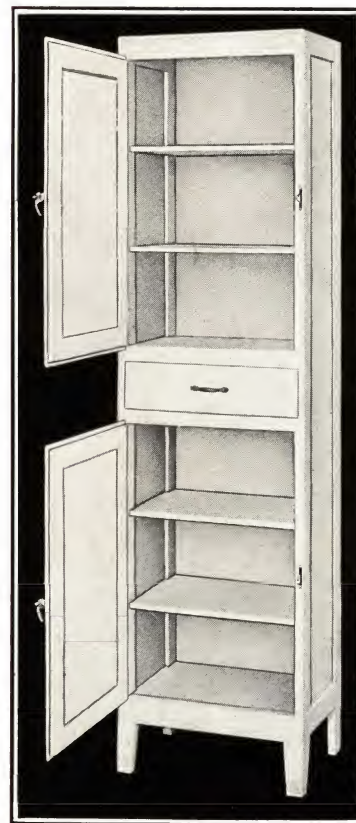

The same as No. 527 shown on the opposite page, except that it has five solid shelves. Supplied with cadmium plated catch, semi-concealed hinges and steel glides. Shipping weight about 45 pounds.

WIDTH: 18" DEPTH: 13"
HEIGHT: 67"

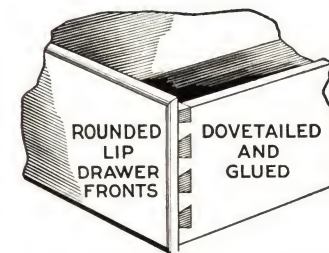

UTILITY No. 755

The addition of the lipped and dove-tailed drawer at the center gives this number added utility and attractiveness. The equipment consists of attractive cadmium plated catches, drawer pull, semi-concealed hinges and steel floor glides. The crated shipping weight is approximately 55 pounds.

WIDTH: 18" DEPTH: 13"
HEIGHT: 67½"

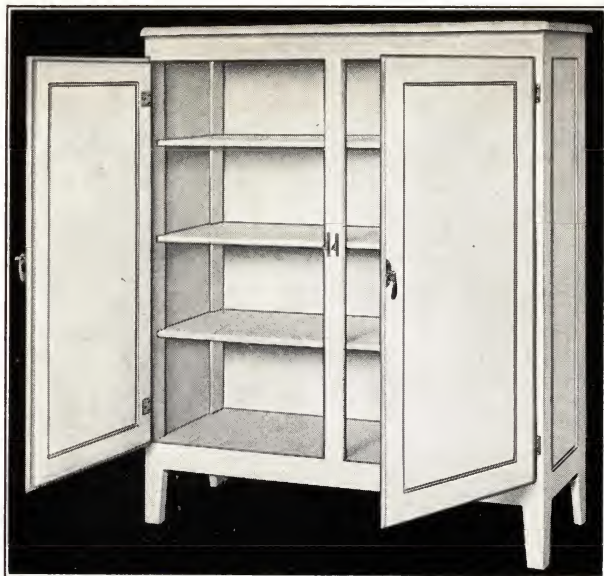

We spare no expense in making Serv-U-Well Kitchen Cabinets and Utilities rugged and durable. For example, note the type of "lock" corner construction used on the upper sections of our kitchen cabinets and on most utilities.

The drawers of Serv-U-Well Kitchen Cabinets, Utilities, and Bases operate easily and fit snugly. And they give dependable service. Lips are rounded. Dovetail construction, plus ample glue, insures satisfactory service for many years.

Every Serv-U-Well product carries not only the I-XL guarantee of satisfaction, but the approval of Good Housekeeping Institute. This is a protection to YOU and to YOUR CUSTOMERS.

UTILITY No. 524

This utility, due to its extreme width and shallow height, is one of our most popular numbers. Its solid wood top is finished. Regular equipment includes cadmium plated catches and semi-concealed hinges and steel floor glides. The solid shelves are full width and depth and are not adjustable. Weight, about 80 pounds.

WIDTH: 36"

HEIGHT: 44"

DEPTH: 14"

UTILITY No. 523

This three-shelf cabinet is very popular with dentists and doctors, as well as with housewives. The solid top is nicely finished. All shelves are full width and full depth, and are non-adjustable. Semi-concealed hinges and catch in cadmium plate and steel glides are provided with No. 523. The crated shipping weight is about 45 pounds. See page 8 for finishes and specifications of this and all other utilities shown.

WIDTH: 18"

HEIGHT: 44"

DEPTH: 14"

SERV-U-WELL BASES SPECIFICATIONS and FINISHES

CONSTRUCTION: In Serv-U-Well Bases we offer the same good styling and sturdy construction found in our cabinets, tables and utilities. We use selected, well seasoned hardwoods and the best 3-ply hardwood panels exclusively. With the exception of No. 74TE, posts are solid and full length, milled from 2" squares. The lipped drawers are dove-tailed and glued. The doors and drawer fronts are lipped and fit close. Wood drawers on Nos. 1600, 1601, 1602, 1603, 1605, 1606 and 1607 are varnished inside. The backs of many numbers are finished (see below). Nos. 1600, 1601, 1602 and 1603 are built-to-the-floor numbers, with skirt boards recessed at front.

HARDWARE: Nos. 1600 to 1611 inclusive are equipped with our special brushed cadmium plated pulls in an exclusive modernistic design. The hardware on other numbers also is in brushed cadmium plated finish, with the exception of No. 1002B, which has bakelite knobs. Hinges are semi-concealed. Casters, when used,

are of durable quality. Many numbers have steel glides in place of casters.

EQUIPMENT: Equipment such as bread drawers, pan racks, sliding shelves, banded bread boards, etc., is provided with many of the bases shown. See individual descriptions.

PORCELAIN TOPS: With the exception of No. 36TE, all numbers have porcelain tops. This number has a solid hardwood top. As with our kitchen cabinets, we use first quality stainless porcelain exclusively. Several styles of tops are supplied. Refer to individual descriptions for details.

FINISHES: All numbers are available in our White, Ivory or Combination Ivory and Green "Satin" Enamel Finishes. The base boards on the built-to-the-floor numbers are finished in black. Nos. 1605, 1606, 1607 and 1002B have black trim around the edges of the doors and drawer fronts. The backs of all numbers save 37TE, 1000B, 74TE, 46TE, 47TE, 36TE, 19B and 1002B are finished.

SERV-U-WELL UNITS ARE THE HEART OF THE KITCHEN

Cadmium hardware. 40" x 25" porcelain top with O.G. edge, as follows: White with Black trim—White porcelain top with Black grain, White masked design, Black edge. Ivory with Green trim—Ivory top with Green grain, Ivory masked design, Green edge. Ivory with Brown trim—Tan top with Brown grain, Tan masked design, and Brown edge.

SERVE-U-WELL TABLES SPECIFICATIONS and FINISHES

CONSTRUCTION: I-XL Serv-U-Well Kitchen Tables are preferred by dealers and users alike because of their sturdy construction and nominal price. They are high grade in every sense of the word and available in a range of sizes suitable for use in every kitchen and laboratory. For the frames we use selected, thoroughly seasoned hardwoods. The posts on Nos. 135 and 137 are machined from 2 1/4" squares; those on the other numbers shown from 2" squares. The substantial rails are held securely by wood corner blocks, which are set into grooves and tightly nailed. All drawers are lipped, and firmly dove-tailed and glued. The drawer bottoms are three-ply. The weights given are approximate shipping weights.

PORCELAIN TOPS: As in the case of Serv-U-Well Cabinets and Bases, we supply first quality stain-proof porcelain enamel tops with all our tables. They do not buckle and are impervi-

ous to fruit stains, etc. Refer to individual descriptions of the tables for the top finishes and style of flange.

IMPORTANT NOTES: Serv-U-Well Tables are regularly shipped K.D. with legs detached, TWO IN A CRATE, with Extra Charge for single crating on Nos. 110, 111, 112, 114, 135 and 137. Patterns 102, 113 and 203 are shipped single in cartons. Extra Charge for single shipments of No. 7 Chair, which is regularly packed two in a carton.

FINISHES: All numbers shown are available in our White, Ivory or Combination Ivory and Green "Satin" Enamel Finishes, with porcelain tops to match, green porcelain on Combination Ivory and Green. These finishes match nicely with the finishes of most of our cabinets and bases, especially our streamlined cabinets shown in Catalog 84, and the built-to-the-floor designs shown herein.

OUR SECTIONAL UNITS OBSOLETE BUILT-IN CUPBOARDS

TABLE No. 135 and TABLE No. 137 ➡

These tables are the most substantial of this kind ever placed on the market at the price. The heavy hardwood framework within the porcelain tops, the wide rails and well-secured corner blocks, and the extra heavy tapered legs (milled from $2\frac{1}{4}$ " squares) give

these numbers a sturdiness all their own. The dove-tailed drawers, two on each table, are varnished inside and fitted with attractive metal pulls. SUPPLIED IN WHITE, IVORY, OR COMBINATION IVORY AND GREEN ENAMEL WITH AN ALL WHITE PORCELAIN TOP.

No. 135.....	31" high.....	27" x 56" top.....	Weight, 95 lbs.
No. 137.....	31" high.....	32" x 56" top.....	Weight, 110 lbs.

TABLES Nos. 110, 111, 112, 113 and 114

These popular numbers vary only as to size. All are equipped with one drawer and our stain-proof porcelain tops. The straight posts, widely rounded on the outer corners, are milled from 2" hardwood squares. All drawers are varnished inside,

and those on Nos. 112, 113 and 114 are divided. The pulls are cadmium finished and in our exclusive modernistic design. Supplied in White, Ivory or Combination Ivory and Green "Satin" Enamel Finish, with a modern style porcelain top with O. G. edge to match.

No. 110.....	30" high.....	20" x 24" top.....	Weight, 25 lbs.
No. 111.....	30" high.....	22" x 27" top.....	Weight, 30 lbs.
No. 112.....	30" high.....	25" x 36" top.....	Weight, 50 lbs.
No. 113.....	30" high.....	25" x 40" top.....	Weight, 45 lbs.
No. 114.....	30" high.....	25" x 48" top.....	Weight, 80 lbs.

No. 135

TABLE No. 203 (Below)

We want you to compare this number with any other table in its price class. We don't think you can beat it for value. The roomy drawer is dove-tailed. The drawer strip underneath has an attractive molded edge. The same corner block construction is employed as on our higher priced numbers. Supplied in White, Green, or Ivory "Satin" Enamel, with an all White (first quality) stainless porcelain top.

TOP SIZE: 40" x 25". HEIGHT: 30". WEIGHT: 40 POUNDS. Shipped K.D., one in a carton.

No. 111

No. 113

No. 203

AS MODERN AS TOMORROW: TABLE No. 102, CHAIR No. 7

Here is the last word in modern styling — a modernistic table and chair worthy of a place in the most pretentious setting. And they're priced for volume business! Shipping weight is 55 lbs. The table is 31" high, 40" wide and 25" deep, and has a large dove-tailed drawer, finished and divided inside. The seat and back of the chair are of finest hardwood. One inch chrome tubing is used on the table, and $\frac{3}{4}$ " SPRING tubing in chrome on the chair. Select from the following finishes: WHITE enamel,

with white stainless porcelain top and black edges. WHITE enamel, with white porcelain top and red edges. IVORY enamel, with ivory porcelain top and green edges. IVORY enamel, with ivory porcelain top and brown edges. IVORY and GREEN enamel, with ivory porcelain top and green edges. No. 7 Chair back and seat may be had in black, red, green, or brown enamel to match edges of top. Shipping weight, two in carton, 35 pounds.

PROMOTE A KITCHEN MODERNIZATION PROGRAM

The kitchen is the heart of the home; its beauty and its convenience have a very decided bearing upon the happiness within the home. Live merchandisers recognize this truth and are cashing in on it. They find women more responsive to promotional efforts built around modern kitchen equipment than

to anything else. Women are kitchen conscious—more so now than ever before. Get behind a kitchen modernization program. It will pay you well. Our Catalog No. 84 and our literature on sectional units will be of decided help to you. Write for them.

F. O. B. Goshen, Ind.

5% Quantity Discount On Mixed Carloads of 12,000 lbs. Minimum

PACKING AND CRATING—I-XL merchandise is carefully packed in approved crates or cartons and should reach destination in good condition. Extra charges for single packing of Chairs and some Tables are indicated.

CLAIMS AND RETURNS—Our responsibility ceases when merchandise is delivered and receipted for by the Transportation Company. All claims for delay, loss, or damage must be made against the carrier. Concealed damages should be reported to Agent of Transportation Company within 15 days after receipt of shipment. Merchandise arriving in damaged or unsatisfactory condition should not be returned without our permission.

MATERIALS—Hardwood lumber and hardwood plywood are used throughout.

FINISHES—Our regular or standard Finishes are indicated for each group. An extra charge of 10% to 15% will be made for all Special Finishes which we may be able to supply. UNFINISHED pieces will be supplied, whenever possible, at regular finished prices.

PORCELAIN TOPS—We supply only the best grade of 3-coat STAIN-PROOF Porcelain Tops, the colors and styles being plainly indicated in catalog descriptions. Triple inspection is made before shipment.

Have you received our other 1937 Catalogs covering our lines of SERV-U-WELL Matched Kitchen and Breakfast Room Groups, Wardrobes and Chests of Drawers, and Portable Built-In Sectional Kitchen Units?

THE I-XL FURNITURE COMPANY, INC.
GOSHEN, INDIANA

I-XL SERV-U-WELL Kitchen Cabinets, Cabinet Bases, Utility Cabinets and Kitchen Tables are offered in these "Satin" Enamel Finishes:

WHITE, IVORY, COMBINATION IVORY AND GREEN

Specify the word "Combination" rather than "Ivory with Green Trim," when this two-color combination is desired.

Prices include the regular equipment mentioned, but no special equipment, such as pans, brushes, brooms, etc.
